ADDRESS:
H# 1064/1, R# East Shewrapara, Kafrul, Dhaka-1216

CAREER OBJECTIVE

I intend to establish myself as Programmer / Developer with an interated business solution provider through a long-time commitment, contributing to the company's growth and in turn ensuring personal growth within the organization.

EXPERIENCES

April 2018

Present

SQ Group of Companies

Programmer & Full Stack Developer

Application link: <https://erp.sqgroupbd.com>

Here, my responsivities are developing and managing the MIS application. As a full stack developer, I work closely with members of the development team to both develop detailed specification documents with clear project deliverables and timeliness, and to ensure timely completion of deliverables.

I participate in meetings regarding project estimation and planning. I analyzed the data collected using the ERP software during patrolling and generated various reports according to the requirement of the project director.

This application main modules are: HRM, Inventory Management, Letter of Credit, Production & Procurement, Sales & Distribution, Tele Magic, IT Helpdesk, Maintenance & Services etc.

February 2016

March 2018
